

## Oakville Rangers Hockey Club 2024 Annual Meeting Executive Report – House League, U9 & Younger

The 2023/2024 season saw some modest growth for the U5-U9 categories. Our offerings continue to attract both new/inexperienced players, and returning players looking to improve their skill set. Our broad range of programs allow for new players to feel welcome and enjoy learning the skills of hockey at ages up to U12.

We also continue to offer Select programming for those Jr. Ranger's looking for a more competitive stream, who may consider rep hockey in the future. This is always a popular program and we thank the coaches who do double duty coaching these teams!

Our season had a slight interruption with the town workers' strike actions, but we were able to get everything back on track once the rinks opened again.

Our Season concluded with our GALA DAY celebration, this year we hosted most of our GALA games on Sixteen Mile Rink 1. Our players, parents, grandparents and friends all enjoyed this exciting venue! As an added benefit we teamed up with Puckz Pub to offer all teams a season ending pizza party - a perfect ending to our successful season.
